Michigan Grown Gladiolus Bulbs

FORCING—OUTSIDE PLANTING—COUNTER SALES OR MAIL ORDER TRADE

You will be assured of quality bulbs, grown specially for the wholesale trade from young, vigorous stock; high-crowned, true-to-name, up-to-grade, clean, healthy and thrips-free.

We have marked on this list such varieties as are recommended for forcing. It is our suggestion that you use only first size bulbs for this purpose. For best results plant after January 15th.

For planting in cold frames either first or second size bulbs should be used. Many successful florists use third size bulbs for main crop outside, with second size bulbs for extra early or extra late.

To those not familiar with the varieties of this list, we recommend our Collections A, B, C, D, or E, which we feature as an introductory offer to new customers.

If you desire bulbs for counter trade, we can furnish colored illustrations of nearly all varieties. These are furnished only with an order for bulbs, at a special price of 10c each.

Delivery can be made any time from December 1st to May 15th. Prices are subject to change. If in need of large quantities, send us your list for special quotation, thereby giving you the advantage of any surplus which we may have.

Terms and Conditions of Sale

Prices are f. o. b. Benton Harbor, Michigan.
3% discount for cash with order.
2% ten days to customers of established credit; net thirty days.
No charge for containers.
Shipment will be made by express unless instructed to the contrary.
If delivery by parcel post is desired, include sufficient amount for postage with your remittance. Excess postage will be refunded.
This price list cancels all previous lists and quotations.
We guarantee our bulbs to be true-to-name, and cheerfully replace or refund for any that prove otherwise. If bulbs are not satisfactory when received, return same at once and your money will be promptly refunded. Owing to conditions beyond our control, we cannot be in any way responsible for the crops.

Packaged Gladiolus Bulbs for Counter Trade

We put up an attractively illustrated box in four colors, with planting directions, etc., containing one each of a dozen distinct choice varieties of Gladiolus bulbs.

Every box has full directions for planting—making it ideal for even the casual gardener. Our suggestion is that you concentrate on the package item—it makes less dirt, occupies less sales time and counter space, and brings in the lion's share of business.

Quantity:	First size (1½" dia.)		Second size (1¼"-1½" dia.)	
	500 boxes or over	16c each	250 boxes or over	12c each
	250 boxes or over	17c each	100 boxes or over	13c each
